

AFL-CIO Community Services and United Way Partnership

Plan for Community Well-Being

Early Childhood

Build family well-being by intentionally and simultaneously working with children under five and the adults in their lives together.

Education

All students succeed academically and graduate high school prepared for higher education, career and community.

Income

More people are on pathways out of poverty.

Health

A Dane County absent of racial health disparities.

With your support, United Way mobilizes the caring power of our community to create lasting change for multiple generations:

**The Power of Many.
Working for All.**

By supporting the *Plan for Community Well-Being*, the Labor volunteers listed below and many others are helping to make our community a better place in which to live, work, raise a family, and retire.
